106.3 Permit applications.

106.3.1 Application. To obtain a permit, the applicant shall file an application on a form furnished by the Department.

One complete application for each permit shall be filed. Every such application shall:

- 1. Identify and describe the work to be covered by the permit for which application is made.
- 2. Describe the land on which the proposed work is to be done by legal description, street address or similar description that will readily identify and definitely locate the proposed building or work.
- 3. Indicate the use or occupancy for which the proposed work is intended.
- 4. Be accompanied by plans, diagrams, computations and specifications and other data as required in Section 106.3.2.
- 5. State the valuation of any new building or structure or any addition, remodeling or alteration to an existing building.
- 6. Be signed by the permittee or an authorized agent.
- 7. Give such other data and information as may be required by the Superintendent of Building.

106.3.2 Plans and specifications.

106.3.2.1 Site plat. A plat of the site shall be filed with each application for a permit.

Exception: The Superintendent of Building may grant the omission of a site plat when the proposed work is of such a nature that no information is needed to determine compliance with all laws relating to the location of buildings or occupancies.

With respect to the site, the plat shall show the boundaries, lot lines, existing and proposed buildings and structures, neighboring public ways, and sufficient dimensions and other data to enable the Department to determine compliance with all laws relating to the location of buildings or occupancies.

106.3.2.2 Number of sets of plans. Each application for a permit shall be accompanied by two sets of plans and specifications for plan checking.

The number of sets of plans and specifications submitted with each application for a building permit may comply with the regulations of Sections 107.3.2 and 107.3.3.

Exception: The Superintendent of Building may waive the requirement for plans and specifications as required in this article if the superintendent finds that the information on the application is sufficient to show that the work will conform to the provisions of this Code and other relevant laws.

106.3.2.3 Official stamp. When the plans and specifications fully comply with the provisions of Section 106.3.3, the Department shall place an official stamp of approval or an approval perforation on each sheet of each set and, upon payment of the permit fee, shall issue one set to the applicant.
