SECTION 1. DESIGNATION OF SUDBURY, ASSABET, AND CONCORD SCENIC AND RECREATIONAL RIVERS, MASSACHUSETTS.

(a) FINDINGS.—The Congress finds the following:

(1) The Sudbury, Assabet, and Concord Wild and Scenic River Study Act (title VII of Public Law 101-628; 104 Stat. 4497)—

(A) designated segments of the Sudbury, Assabet, and Concord Rivers in the Commonwealth of Massachusetts, totaling 29 river miles, for study and potential addition to the National Wild and Scenic Rivers System; and

(B) directed the Secretary of the Interior to establish the Sudbury, Assabet, and Concord Rivers Study Committee (in this section referred to as the "Study Committee") to advise the Secretary in conducting the study and in the consideration of management alternatives should the rivers be included in the National Wild and Scenic Rivers System.

(2) The study determined the following river segments are eligible for inclusion in the National Wild and Scenic Rivers System based on their free-flowing condition and outstanding scenic, recreation, wildlife, cultural, and historic values:

(A) The 16.6-mile segment of the Sudbury River beginning at the Danforth Street Bridge in the town of Framingham, to its confluence with the Assabet River.

(B) The 4.4-mile segment of the Assabet River from 1,000 feet downstream from the Damon Mill Dam in the town of Concord to the confluence with the Sudbury River at Egg Rock in Concord.

(C) The 8-mile segment of the Concord River from Egg Rock at the confluence of the Sudbury and Assabet Rivers to the Route 3 bridge in the town of Billerica.

(3) The towns that directly abut the segments, including Framingham, Sudbury, Wayland, Lincoln, Concord, Bedford, Carlisle, and Billerica, Massachusetts, have each demonstrated their desire for National Wild and Scenic River designation through town meeting votes endorsing designation.

(4) During the study, the Study Committee and the National Park Service prepared a comprehensive management plan for the segment, entitled "Sudbury, Assabet and Concord Wild and Scenic River Study, River Conservation Plan" and dated March 16, 1995 (in this section referred to as the "plan"), which establishes objectives, standards, and action programs that will ensure long-term protection of the rivers' outstanding values and compatible management of their land and water resources.

(5) The Study Committee voted unanimously on February 23, 1995, to recommend that the Congress include these segments in

the National Wild and Scenic Rivers System for management in accordance with the plan.

(b) DESIGNATION.—Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended—

(1) by designating the four undesignated paragraphs after paragraph (156) as paragraphs (157), (158), (159), and (160), respectively; and

(2) by adding at the end the following new paragraph:

“(161) SUDBURY, ASSABET, AND CONCORD RIVERS, MASSACHUSETTS.—(A) The 29 miles of river segments in Massachusetts, as follows:

“(iv) The 8-mile segment of the Concord River from Egg Rock at the confluence of the Sudbury and Assabet Rivers downstream to the Route 3 Bridge in the town of Billerica, as a recreational river.

“(B) The segments referred to in subparagraph (A) shall be administered by the Secretary of the Interior in cooperation with the SUASCO River Stewardship Council provided for in the plan referred to in subparagraph (C) through cooperative agreements under section 10(e) between the Secretary and the Commonwealth of Massachusetts and its relevant political subdivisions (including the towns of Framingham, Wayland, Sudbury, Lincoln, Concord, Carlisle, Bedford, and Billerica).

“(C) The segments referred to in subparagraph (A) shall be managed in accordance with the plan entitled ‘Sudbury, Assabet and Concord Wild and Scenic River Study, River Conservation Plan’, dated March 16, 1995. The plan is deemed to satisfy the requirement for a comprehensive management plan under subsection (d) of this section.”

(c) FEDERAL ROLE IN MANAGEMENT.—(1) The Director of the National Park Service or the Director's designee shall represent the Secretary of the Interior in the implementation of the plan, this section, and the Wild and Scenic Rivers Act with respect to each of the segments designated by the amendment made by subsection (b)(2), including the review of proposed federally assisted water resources projects that could have a direct and adverse effect on the values for which the segment is established, as authorized under section 7(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1278(a)).

(2) Pursuant to sections 10(e) and section 11(b)(1) of the Wild and Scenic Rivers Act (16 U.S.C. 1281(e), 1282(b)(1)), the Director shall offer to enter into cooperative agreements with the Commonwealth of Massachusetts, its relevant political subdivisions, the Sudbury Valley Trustees, and the Organization for the Assabet River. Such cooperative agreements shall be consistent with the plan and may include provisions for financial or other assistance from the United States to facilitate the long-term protection, conservation, and enhancement of each of the segments designated by the amendment made by subsection (b)(2).

(3) The Director may provide technical assistance, staff support, and funding to assist in the implementation of the plan, except that the total cost to the Federal Government of activities to implement the plan may not exceed \$100,000 each fiscal year.

(4) Notwithstanding section 10(c) of the Wild and Scenic Rivers Act (16 U.S.C. 1281(c)), any portion of a segment designated by the amendment made by subsection (b)(2) that is not already within the National Park System shall not under this section—

(A) become a part of the National Park System;

(B) be managed by the National Park Service; or

(C) be subject to regulations which govern the National Park System.

(d) WATER RESOURCES PROJECTS.—(1) In determining whether a proposed water resources project would have a direct and adverse effect on the values for which the segments designated by the amendment made by subsection (b)(2) were included in the National Wild and Scenic Rivers System, the Secretary of the Interior shall specifically consider the extent to which the project is consistent with the plan.

(2) The plan, including the detailed Water Resources Study incorporated by reference in the plan and such additional analysis as may be incorporated in the future, shall serve as the primary source of information regarding the flows needed to maintain instream resources and potential compatibility between resource protection and possible additional water withdrawals.

(e) LAND MANAGEMENT.—(1) The zoning by-laws of the towns of Framingham, Sudbury, Wayland, Lincoln, Concord, Carlisle, Bedford, and Billerica, Massachusetts, as in effect on the date of enactment of this Act, are deemed to satisfy the standards and requirements under section 6(c) of the Wild and Scenic Rivers Act (16 U.S.C. 1277(c)). For the purpose of that section, the towns are deemed to be “villages” and the provisions of that section which prohibit Federal acquisition of lands through condemnation shall apply.

(2) The United States Government shall not acquire by any means title to land, easements, or other interests in land along the segments designated by the amendment made by subsection (b)(2) or their tributaries for the purposes of designation of the segments under the amendment. Nothing in this section shall prohibit Federal acquisition of interests in land along those segments or tributaries under other laws for other purposes.

(f) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to the Secretary of the Interior to carry out this section not to exceed \$100,000 for each fiscal year.

SEC. 2. CHATTAHOOCHEE RIVER NATIONAL RECREATION AREA.

(a) FINDINGS.—The Congress finds that:

(1) The Chattahoochee River National Recreation Area is a nationally significant resource and the national recreation area has been adversely affected by land use changes occurring within and outside its boundaries.

(2) The population of the metropolitan Atlanta area continues to expand northward, leaving dwindling opportunities to protect the scenic, recreation, natural, and historic values of the 2,000-foot wide corridor adjacent to each bank of the Chattahoochee River and its impoundments in the 48-mile segment known as the area of national concern.

(3) The State of Georgia has enacted the Metropolitan River Protection Act in order to ensure the protection of the corridor located within 2,000 feet of each bank of the Chattahoochee River, or the 100-year flood plain, whichever is greater, and such corridor includes the area of national concern.

(4) Visitor use of the Chattahoochee River National Recreation Area has shifted dramatically since the establishment of the national recreation area from waterborne to water-related and land-based activities.

(5) The State of Georgia and its political subdivisions along the Chattahoochee River have indicated their willingness to join in cooperative efforts with the United States of America to link existing units of the national recreation area with a series of linear corridors to be established within the area of national concern and elsewhere on the river and provided Congress appropriates certain funds in support of such effort, funding from the State, its political subdivisions, private foundations, corporate entities, private individuals, and other sources will be available to fund more than half of the estimated cost of such cooperative effort.

(b) PURPOSES.—The purposes of this section are to—

(1) increase the level of protection of the remaining open spaces within the area of national concern along the Chattahoochee River and to enhance visitor enjoyment of such areas by adding land-based links between existing units of the national recreation area;

(2) assure that the national recreation area is managed to standardize acquisition, planning, design, construction, and operation of the linear corridors; and

(3) authorize the appropriation of Federal funds to cover a portion of the costs of the Federal, State, local, and private cooperative effort to add additional areas to the Chattahoochee River National Recreation Area in order to establish a series of linear corridors linking existing units of the national recreation area and to protect other undeveloped portions of the Chattahoochee River corridor.

(c) AMENDMENTS TO CHATTAHOOCHEE NRA ACT.—The Act of August 15, 1978, entitled “An Act to authorize the establishment of the Chattahoochee River National Recreation Area in the State of Georgia, and for other purposes” (Public Law 95-344; 16 U.S.C. 460ii et seq.) is amended as follows:

(1) Section 101 (16 U.S.C. 460ii) is amended as follows:

(A) By inserting after “numbered Chat-20,003, and dated September 1984” the following: “and on the maps entitled ‘Chattahoochee River National Recreation Area Interim Boundary Maps 1, 2, and 3’ and dated August 6, 1998”.

(B) By amending the fourth sentence to read as follows: “After July 1, 1999, the Secretary of the Interior (in this Act referred to as the ‘Secretary’) may modify the boundaries of the recreation area to include other lands within the river corridor of the Chattahoochee River by submitting a revised map or other boundary description to the Congress. Such revised boundaries shall take effect on the date 6 months after the date of such submission unless, within such 6-month period, the Congress adopts a Joint Resolution disapproving such revised boundaries. Such revised map or other boundary description shall be prepared by the Secretary after consultation with affected landowners and with the State of Georgia and affected political subdivisions.”

(C) By striking out “may not exceed approximately 6,800 acres.” and inserting “may not exceed 10,000 acres.”

(2) Section 102(f) (16 U.S.C. 460ii-1(f)) is repealed.

(3) Section 103(b) (16 U.S.C. 460ii-2(b)) is amended to read as follows:

“(b) COOPERATIVE AGREEMENTS.—The Secretary is authorized to enter into cooperative agreements with the State, its political subdivisions, and other entities to assure standardized acquisition, planning, design, construction, and operation of the national recreation area.”

(4) Section 105(a) (16 U.S.C. 460ii-4(a)) is amended to read as follows:

“(a) AUTHORIZATION OF APPROPRIATIONS; ACCEPTANCE OF DONATIONS.—In addition to

funding and the donation of lands and interests in lands provided by the State of Georgia, local government authorities, private foundations, corporate entities, and individuals, and funding that may be available pursuant to the settlement of litigation, there is hereby authorized to be appropriated for land acquisition not more than \$25,000,000 for fiscal years after fiscal year 1998. The Secretary is authorized to accept the donation of funds and lands or interests in lands to carry out this Act."

(5) Section 105(c) (16 U.S.C. 460ii-4(c)) is amended by adding the following at the end thereof: "The Secretary shall submit a new plan within 3 years after the enactment of this sentence to provide for the protection, enhancement, enjoyment, development, and use of areas added to the national recreation area. During the preparation of the revised plan the Secretary shall seek and encourage the participation of the State of Georgia and its affected political subdivisions, private landowners, interested citizens, public officials, groups, agencies, educational institutions, and others."

(6) Section 102(a) (16 U.S.C. 460ii-1(a)) is amended by inserting the following before the period at the end of the first sentence: ", except that lands and interests in lands within the Addition Area depicted on the map referred to in section 101 may not be acquired without the consent of the owner thereof".

The bill, as amended, was ordered to be read a third time, was read a third time by title, and passed.

¶107.46 SIERRA LEONE HUMAN RIGHTS ABUSES

Mr. GILMAN moved to suspend the rules and agree to the following resolution (H. Res. 559):

Whereas the ousted Armed Forces Revolutionary Council (AFRC) military junta and the rebel fighters of the Revolutionary United Front (RUF) have mounted a campaign of terror, vengeance, and human rights abuses on the civilian population of Sierra Leone;

Whereas the AFRC/RUF violence against civilians continues with at least 1,200 persons having hands or feet amputated by rebels (and the International Committee of the Red Cross (ICRC) estimates that every victim who makes it to medical help is only 1 of 4 who have been mutilated);

Whereas the AFRC/RUF continues to abduct children and forcibly train them as combatants, in numbers estimated by UNICEF to exceed 3,000 since March 1998;

Whereas the humanitarian consequences of this campaign have been the flight of more than 250,000 refugees to Guinea and Liberia in the last 6 months and the increase of internally displaced Sierra Leoneans to over 250,000 in camps and towns in the north and east;

Whereas the governments of Guinea and Liberia are having great difficulty caring for the huge number of refugees, now totaling 600,000 in Guinea and Liberia, and emergency appeals have been issued by the United Nations High Commission for Refugees (UNHCR) for \$7,300,000 for emergency food, shelter, sanitation, medical, educational, psychological, and social services;

Whereas starvation and hunger-related deaths have begun in the north with more than 500 people dying since August 1, 1998, a situation that will only get worse in the next months;

Whereas the humanitarian community is unable, because of continuing security concerns, to deliver food and medicine to the vulnerable groups within the north and east of Sierra Leone;

Whereas the Economic Community of West African States (ECOWAS) and its military peacekeeping arm called ECOMOG are doing their best, but require additional logistic

support to either bring this AFRC/RUF rebel war to a conclusion or force a negotiated settlement;

Whereas arms and weapons continue to be supplied to the AFRC/RUF in direct violation of a United Nations arms embargo;

Whereas United Nations Under Secretary for Humanitarian Affairs and Emergency Relief Coordinator Sergio Viera de Melo, Amnesty International, Human Rights Watch, and Refugees International, following May through June 1998 visits to Sierra Leone, have condemned, in the strongest terms, the terrible human rights violations done by the AFRC/RUF rebels to civilians; and

Whereas the Special Representative of the United Nations Secretary General for Children and Armed Conflict, Olara Otunu, following a May 1998 visit to Sierra Leone, called upon the United Nations to make Sierra Leone one of the pilot projects in the rehabilitation of child combatants: Now, therefore, be it

Resolved, That the House of Representatives—

(1) urges the President and the Secretary of State to give high priority to solving the conflict in Sierra Leone and to bring stability to West Africa in general;

(a) *FINDINGS.*—Congress makes the following findings:

(1) The right to freedom of religion undergirds the very origin and existence of the United States. Many of our Nation’s founders fled religious persecution abroad, cherishing in their hearts and minds the ideal of religious freedom. They established in law, as a fundamental right and as a pillar of our Nation, the right to freedom of religion. From its birth to this day, the United States has prized this legacy of religious freedom and honored this heritage by standing for religious freedom and offering refuge to those suffering religious persecution.

(2) Freedom of religious belief and practice is a universal human right and fundamental freedom articulated in numerous international instruments, including the Universal Declaration of Human Rights, the International Covenant on Civil and Political Rights, the Helsinki Accords, the Declaration on the Elimination of All Forms of Intolerance and Discrimination Based on Religion or Belief, the United Nations Charter, and the European Convention for the Protection of Human Rights and Fundamental Freedoms.

(3) Article 18 of the Universal Declaration of Human Rights recognizes that “Everyone has the right to freedom of thought, conscience, and religion. This right includes freedom to change his religion or belief, and freedom, either alone or in community with others and in public or private, to manifest his religion or belief in teaching, practice, worship, and observance.”. Article 18(1) of the International Covenant on Civil and Political Rights recognizes that “Everyone shall have the right to freedom of thought, conscience, and religion. This right shall include freedom to have or to adopt a religion or belief of his choice, and freedom, either individually or in community with others and in public or private, to manifest his religion or belief in worship, observance, practice, and teaching”. Governments have the responsibility to protect the fundamental rights of their citizens and to pursue justice for all. Religious freedom is a fundamental right of every individual, regardless of race, sex, country, creed, or nationality, and should never be arbitrarily abridged by any government.

(4) The right to freedom of religion is under renewed and, in some cases, increasing assault in many countries around the world. More than one-half of the world’s population lives under regimes that severely restrict or prohibit the freedom of their citizens to study, believe, observe, and freely practice the religious faith of their choice. Religious believers and communities suffer both government-sponsored and government-tolerated violations of their rights to religious freedom. Among the many forms of such violations are state-sponsored slander campaigns, confiscations of property, surveillance by security police, including by special divisions of “religious police”, severe prohibitions against

construction and repair of places of worship, denial of the right to assemble and relegation of religious communities to illegal status through arbitrary registration laws, prohibitions against the pursuit of education or public office, and prohibitions against publishing, distributing, or possessing religious literature and materials.

(5) Even more abhorrent, religious believers in many countries face such severe and violent forms of religious persecution as detention, torture, beatings, forced marriage, rape, imprisonment, enslavement, mass resettlement, and death merely for the peaceful belief in, change of or practice of their faith. In many countries, religious believers are forced to meet secretly, and religious leaders are targeted by national security forces and hostile mobs.

(6) Though not confined to a particular region or regime, religious persecution is often particularly widespread, systematic, and heinous under totalitarian governments and in countries with militant, politicized religious majorities.

(7) Congress has recognized and denounced acts of religious persecution through the adoption of the following resolutions:

(A) House Resolution 515 of the One Hundred Fourth Congress, expressing the sense of the House of Representatives with respect to the persecution of Christians worldwide.

(B) Senate Concurrent Resolution 71 of the One Hundred Fourth Congress, expressing the sense of the Senate regarding persecution of Christians worldwide.

(C) House Concurrent Resolution 102 of the One Hundred Fourth Congress, expressing the sense of the House of Representatives concerning the emancipation of the Iranian Baha’i community.

(b) *POLICY.*—It shall be the policy of the United States, as follows:

(1) To condemn violations of religious freedom, and to promote, and to assist other governments in the promotion of, the fundamental right to freedom of religion.

(2) To seek to channel United States security and development assistance to governments other than those found to be engaged in gross violations of the right to freedom of religion, as set forth in the Foreign Assistance Act of 1961, in the International Financial Institutions Act of 1977, and in other formulations of United States human rights policy.

(3) To be vigorous and flexible, reflecting both the unwavering commitment of the United States to religious freedom and the desire of the United States for the most effective and principled response, in light of the range of violations of religious freedom by a variety of persecuting regimes, and the status of the relations of the United States with different nations.

(4) To work with foreign governments that affirm and protect religious freedom, in order to develop multilateral documents and initiatives to combat violations of religious freedom and promote the right to religious freedom abroad.

(5) Standing for liberty and standing with the persecuted, to use and implement appropriate tools in the United States foreign policy apparatus, including diplomatic, political, commercial, charitable, educational, and cultural channels, to promote respect for religious freedom by all governments and peoples.

(2) REQUIREMENT OF PRESIDENTIAL ACTION.—Whenever the President determines that the government of a foreign country has engaged in or tolerated particularly severe violations of religious freedom, the President shall oppose such violations and promote the right to religious freedom through one or more of the actions described in subsection (c).

(b) DESIGNATIONS OF COUNTRIES OF PARTICULAR CONCERN FOR RELIGIOUS FREEDOM.—

(1) ANNUAL REVIEW.—

(A) IN GENERAL.—Not later than September 1 of each year, the President shall review the status of religious freedom in each foreign country to determine whether the government of that country has engaged in or tolerated particularly severe violations of religious freedom in that country during the preceding 12 months or since the date of the last review of that country under this subparagraph, whichever period is longer. The President shall designate each country the government of which has engaged in or tolerated violations described in this subparagraph as a country of particular concern for religious freedom.

(B) BASIS OF REVIEW.—Each review conducted under subparagraph (A) shall be based upon information contained in the latest Country Reports on Human Rights Practices, the Annual Report, and on any other evidence available and shall take into account any findings or recommendations by the Commission with respect to the foreign country.

(C) IMPLEMENTATION.—Any review under subparagraph (A) of a foreign country may take place singly or jointly with the review of one or more countries and may take place at any time prior to September 1 of the respective year.

(2) DETERMINATIONS OF RESPONSIBLE PARTIES.—For the government of each country designated as a country of particular concern for religious freedom under paragraph (1)(A), the President shall seek to determine the agency or instrumentality thereof and the specific officials thereof that are responsible for the particularly severe violations of religious freedom engaged in or tolerated by that government in order to appropriately target Presidential actions under this section in response.

(3) CONGRESSIONAL NOTIFICATION.—Whenever the President designates a country as a country of particular concern for religious freedom under paragraph (1)(A), the President shall, as soon as practicable after the designation is made, transmit to the appropriate congressional committees—

(A) the designation of the country, signed by the President; and

(B) the identification, if any, of responsible parties determined under paragraph (2).

(c) PRESIDENTIAL ACTIONS WITH RESPECT TO COUNTRIES OF PARTICULAR CONCERN FOR RELIGIOUS FREEDOM.—

(1) IN GENERAL.—Subject to paragraphs (2), (3), and (4) with respect to each country of particular concern for religious freedom designated under subsection (b)(1)(A), the President shall, after the requirements of sections 403 and 404 have been satisfied, but not later than 90 days (or 180 days in case of a delay under paragraph (3)) after the date of designation of the country under that subsection, carry out one or more of the following actions under subparagraph (A) or subparagraph (B):

The existence of a binding agreement under this paragraph with a foreign government may be considered by the President prior to making any determination or taking any action under this title.

(B) STATUTORY CONSTRUCTION.—Nothing in this paragraph may be construed to authorize the entry of the United States into an agreement covering matters outside the scope of violations of religious freedom.

(3) AUTHORITY FOR DELAY OF PRESIDENTIAL ACTIONS.—If, on or before the date that the President is required (but for this paragraph) to take action under paragraph (1), the President determines and certifies to Congress that a single, additional period of time not to exceed 90 days is necessary—

(B) for a continuation of multilateral negotiations into which the United States has entered to bring about a cessation of the violations by the foreign country;

(C) the President reports to Congress the information described in section 404(a) (1), (2), (3), and (4) regarding the actions in effect with respect to the country; and

(D) at the time the President determines a country to be a country of particular concern, if that country is already subject to multiple, broad-based sanctions imposed in significant part in response to human rights abuses, and such sanctions are ongoing, the President may determine that one or more of these sanctions also satisfies the requirements of this subsection. In a report to Congress pursuant to section 404(a) (1), (2), (3), and (4), and, as applicable, to section 408, the President must designate the specific sanction or sanctions which he determines satisfy the requirements of this subsection. The sanctions so designated shall remain in effect subject to section 409 of this Act.

(d) STATUTORY CONSTRUCTION.—A determination under this Act, or any amendment made by this Act, that a foreign country has engaged in or tolerated particularly severe violations of religious freedom shall not be construed to require the termination of assistance or other activities with respect to that country under any other provision of law, including section 116 or 502B of the Foreign Assistance Act of 1961 (22 U.S.C. 2151n, 2304).

(2) USE OF MULTILATERAL FORA.—If the President determines it to be appropriate, such consultations may be sought and may occur in a multilateral forum, but, in any event, the President shall consult with appropriate foreign governments for the purposes of achieving a coordinated international policy on actions that may be taken with respect to a country described in subsection (a), prior to implementing any such action.

(3) ELECTION OF NONDISCLOSURE OF NEGOTIATIONS TO PUBLIC.—If negotiations are undertaken or an agreement is concluded with a foreign government regarding steps to cease the pattern of violations by that government, and if public disclosure of such negotiations or agreement would jeopardize the negotiations or the implementation of such agreement, as the case may be, the President may refrain from disclosing such negotiations and such agreement to the public, except that the President shall inform the appropriate congressional committees of the nature and extent of such negotiations and any agreement reached.

(c) DUTY TO CONSULT WITH HUMANITARIAN ORGANIZATIONS.—The President should consult with appropriate humanitarian and religious organizations concerning the potential impact of United States policies to promote freedom of religion in countries described in subsection (a).

¶107.49 **CAMBODIA WAR CRIMES**

Mr. GILMAN moved to suspend the rules and agree to the following resolution (H. Res. 533); as amended:

Whereas under the Vietnamese communist occupation of Cambodia (the former People's Republic of Kampuchea and the State of Cambodia) between 1979 and 1989, Hun Sen was among a large number of former Khmer Rouge members who were designated by the Vietnamese communists as surrogate leaders of the People's Republic of Kampuchea, where international human rights organizations documented widespread human rights violations;

Whereas during the period leading to internationally supervised elections in 1993, as Prime Minister of the State of Cambodia and a Politburo member of the communist Cambodian People's Party (CPP), Hun Sen was responsible for the disappearances, murder, and assassination attempts against democratic opponents of the Cambodian People's Party;

Whereas after the Cambodian People's Party lost the 1993 national election, Hun Sen organized a military force that threatened a military coup, resulting in his being given a share of the Prime Minister position with Prince Norodom Ranariddh, the election winner, and his Cambodian People's Party maintaining control of the military, the internal security forces, and provincial government administration;

Whereas in July 1997, Hun Sen ordered a coup d'etat against First Prime Minister Prince Ranariddh which resulted in the deaths of a large number of civilians caught in the crossfire and the torture and summary execution of at least 100 government officials and the forced displacement of at least 50,000 people as assaults continued on people or communities loyal to Prince Ranariddh;

Whereas during the period leading to the July 1998 national election there were widespread threats, assaults, and the suspected assassination of scores of members of parties opposed to Hun Sen;

Whereas in September 1998, Hun Sen ordered a violent crackdown on thousands of unarmed demonstrators, including Buddhist monks, who supported credible investigations of irregularities in the electoral process and the change in the format for allocating seats in the National Assembly which permitted Hun Sen to maintain a small edge over Prince Ranariddh's FUNCINPEC Party and enticed Hun Sen to maintain the post of Prime Minister, which resulted in the brutality toward tens of thousands of pro-de-

mocracy advocates and the deaths and disappearances of an unknown number of people, and led to widespread civil unrest which threatens to further destroy Cambodian society; and

Whereas Hun Sen has held, and continues to hold, high government office in a repressive and violent regime, and has the power to decide for peace and democracy and has instead decided for killing and repression, who has the power to minimize illegal actions by subordinates and allies and hold responsible those who committed such actions, but did not, and who once again is directing a campaign of murder and repression against unarmed civilians, while treating with contempt international efforts to achieve a genuinely democratic government in Cambodia: Now, therefore, be it

Resolved, That it is a sense of the House of Representatives that—

(1) the United States should establish a collection of information that can be supplied to an appropriate international judicial tribunal for use as evidence to support a possible indictment and trial of Hun Sen for violations of international humanitarian law after 1978;

(2) any such information concerning Hun Sen and individuals under his authority already collected by the United States, including information regarding the March 1997 grenade attack against Sam Rainsy, should be provided to the tribunal at the earliest possible time;

(3) the United States should work with members of interested countries and non-governmental organizations relating to information any country or organization may hold concerning allegations of violations of international humanitarian law after 1978 posed against Hun Sen and any individual under his authority in Cambodia and give all such information to the tribunal;

(4) the United States should work with other interested countries relating to measures to be taken to bring to justice Hun Sen and individuals under Hun Sen's authority indicted for such violations of international humanitarian law after 1978; and

(5) the United States should support such a tribunal for the purpose of investigating Hun Sen's possible criminal culpability for conceiving, directing, and sustaining a variety of actions in violation of international humanitarian law after 1978 in any judicial proceeding that may result.

The SPEAKER pro tempore, Mrs. EMERSON, recognized Mr. GILMAN and Mr. DAVIS of Florida, each for 20 minutes.

By unanimous consent, the title was amended so as to read: "A Resolution expressing the sense of the House of Representatives regarding the culpability of Hun Sen for violations of international humanitarian law after 1978 in Cambodia (the former People's Republic of Kampuchea and the State of Cambodia)."

¶107.50 65TH ANNIVERSARY OF THE
UKRAINIAN FAMINE REMINDER FOR
THE FORMER SOVIET UNION

Mr. GILMAN moved to suspend the rules and agree to the following concurrent resolution (H. Con. Res. 295):

Whereas this year marks the 65th anniversary of the Ukrainian Famine of 1932-1933 that caused the deaths of at least 7,000,000 Ukrainians and that was covered up and officially denied by the government of the former Soviet Union;

Whereas millions of Ukrainians died, not by natural causes such as pestilence, drought, floods, or a poor harvest, but by policies designed to punish Ukraine for its aversion and opposition to the government of the former Soviet Union's oppression and imperialism, including the forced collectivization of agriculture;

Whereas, when Ukraine was famine-stricken, the government of the former Soviet Union exported 1,700,000 tons of grain to the West while offers from international relief organizations to assist the starving population were rejected on the grounds that there was no famine in Ukraine and no need for the assistance;

Whereas the borders of Ukraine were tightly controlled and starving Ukrainians were not allowed to cross into Russian territory in search of bread;

Whereas, in his book "The Harvest of Sorrow", British historian Robert Conquest explains, "A quarter of the rural population, men, women, and children, lay dead or dying, the rest in various stages of debilitation with no strength to bury their families or neighbors.";

Whereas the Commission on the Ukraine Famine was established on December 13, 1985, to conduct a study with the goal of expanding the world's knowledge and understanding of the famine and to expose the government of the former Soviet Union for its atrocities in the famine;

Whereas the Commission's report to Congress confirmed that the government of the former Soviet Union consciously employed the brutal policy of forced famine to repress the Ukrainian population and to oppress the Ukrainians' inviolable religious and political rights; and

Whereas the Commission on the Ukraine Famine presented 4 volumes of findings and conclusions, 10 volumes of archival material, and over 200 cassettes of testimony from famine survivors to the newly independent Government of Ukraine in 1993, during the official observances of the 60th anniversary of the Ukrainian famine in Kyiv, Ukraine: Now, therefore, be it

Resolved by the House of Representatives (the Senate concurring),

SECTION 1. SENSE OF CONGRESS.

It is the sense of Congress that—

(1) the victims of the government of the former Soviet Union-engineered Ukrainian Famine of 1932-1933 be solemnly remembered on its 65th anniversary;

(2) the Congress condemn the systematic disregard for human life, human rights, human liberty, and self-determination that characterized the repressive policies of the government of the former Soviet Union during the Ukrainian Famine of 1932-1933;

(3) on the 65th anniversary of the Ukrainian Famine of 1932-1933, in contrast to the policies of the government of the former Soviet Union, Ukraine is moving toward democracy, a free-market economy, and full respect for human rights, and it is essential

that the United States continue to assist Ukraine as it proceeds down this path; and

(4) any supplemental material that will assist in the dissemination of information about the Ukrainian Famine of 1932-1933, and thereby help to prevent similar future tragedies, be compiled and made available worldwide for the study of the devastation of the famine.

SEC. 2. TRANSMITTAL OF THE RESOLUTION.

EMBASSIES IN EAST AFRICA

Mr. GILMAN moved to suspend the rules and agree to the following resolution (H. Res. 523); as amended:

Whereas on August 7, 1998, 254 people, 12 of whom were United States citizens, were killed when a bomb exploded at the United States Embassy in Nairobi, Kenya, and 9 people were killed when a bomb exploded at the United States Embassy in Dar es Salaam, Tanzania;

Whereas these bombs were detonated minutes apart and were clearly coordinated;

Whereas in both cases trucks, driven by suicidal terrorists and loaded with explosives, approached the embassies but were diverted from attacking their primary targets by quick thinking Embassy security staff;

Whereas the bombs did explode, injuring thousands of innocent civilians and destroying millions of dollars worth of local property;

Whereas the Governments of Israel and France immediately sent search and rescue teams to aid in the aftermath of the bombings;

Whereas on August 7, 1998, Pakistani police arrested suspect Muhammad Sadiq Odeh, who confessed to being part of a team which was orchestrated and financed by Osama bin Laden; and

Whereas Osama bin Laden, an exiled Saudi Arabian businessman who is believed to be currently living in Afghanistan, is a known sponsor of international terrorism against secular Middle Eastern regimes and has publicly stated his support for attacks against American influence, Americans, and American targets: Now, therefore, be it

(6) expresses our gratitude to United States personnel for their dedication in serving abroad and promoting United States interests and courageously assuming the risks of living and working overseas;

(7) expresses our gratitude to United States Federal and local agencies which assisted in the aftermath of the bombings;

(8) expresses our condemnation of all persons and parties involved in the outrageous and illegal attacks which resulted in the tragic loss of life of so many Americans, Kenyans, Tanzanians, and others;

(9) expresses the determination of the House of Representatives to assist, in any way possible, in the arrest of all persons responsible for these attacks; and

(10) expresses the intention of the House of Representatives to examine whether security needs of United States facilities overseas are being met and what kinds of tools can be employed to discourage nations from harboring terrorists.

“SEC. 2. FINDINGS AND DECLARATION OF POLICY.

“Congress finds that—

“(1) alternative dispute resolution, when supported by the bench and bar, and utilizing properly trained neutrals in a program adequately administered by the court, has the potential to provide a variety of benefits, including greater satisfaction of the parties, innovative methods of resolving disputes, and greater efficiency in achieving settlements;

“(2) certain forms of alternative dispute resolution, including mediation, early neutral evaluation, minitrials, and voluntary arbitration, may have potential to reduce the large backlog of cases now pending in some federal courts throughout the United States, thereby allowing the courts to process their remaining cases more efficiently; and

“(3) the continued growth of Federal appellate court-annexed mediation programs suggests that this form of alternative dispute resolution can be equally effective in resolving disputes in the federal trial courts; therefore, the district courts should consider including mediation in their local alternative dispute resolution programs.”

“(B) may not be used for any other purpose.

“(2) The exemption made available under paragraph (1) shall only apply with respect to a work when an identical copy of that work is not reasonably available in another form.

“(3) A nonprofit library, archives, or educational institution that willfully for the purpose of commercial advantage or financial gain violates paragraph (1)—

“(A) shall, for the first offense, be subject to the civil remedies under section 1203; and

“(B) shall, for repeated or subsequent offenses, in addition to the civil remedies under section 1203, forfeit the exemption provided under paragraph (1).

“(4) This subsection may not be used as a defense to a claim under subsection (a)(2) or (b), nor may this subsection permit a nonprofit library, archives, or educational institution to manufacture, import, offer to the public, provide, or otherwise traffic in any technology, product, service, component, or part thereof, which circumvents a technological measure.

“(5) In order for a library or archives to qualify for the exemption under this subsection, the collections of that library or archives shall be—

“(A) open to the public; or

“(B) available not only to researchers affiliated with the library or archives or with the institution of which it is a part, but also to other persons doing research in a specialized field.

“(e) LAW ENFORCEMENT, INTELLIGENCE, AND OTHER GOVERNMENT ACTIVITIES.—This section does not prohibit any lawfully authorized investigative, protective, information security, or intelligence activity of an officer, agent, or employee of the United States, a State, or a political subdivision of a State, or a person acting pursuant to a contract with the United States, a State, or a political subdivision of a State. For purposes of this subsection, the term ‘information security’ means activities carried out in order to identify and address the vulnerabilities of a government computer, computer system, or computer network.

“(f) REVERSE ENGINEERING.—(1) Notwithstanding the provisions of subsection (a)(1)(A), a person who has lawfully obtained the right to use a copy of a computer program may circumvent a technological measure that effectively controls access to a particular portion of that program for the sole purpose of identifying and analyzing those elements of the program that are necessary to achieve interoperability of an independently created computer program with other programs, and that have not previously been readily available to the person engaging in the circumvention, to the extent any such

acts of identification and analysis do not constitute infringement under this title.

“(2) Notwithstanding the provisions of subsections (a)(2) and (b), a person may develop and employ technological means to circumvent a technological measure, or to circumvent protection afforded by a technological measure, in order to enable the identification and analysis under paragraph (1), or for the purpose of enabling interoperability of an independently created computer program with other programs, if such means are necessary to achieve such interoperability, to the extent that doing so does not constitute infringement under this title.

“(3) The information acquired through the acts permitted under paragraph (1), and the means permitted under paragraph (2), may be made available to others if the person referred to in paragraph (1) or (2), as the case may be, provides such information or means solely for the purpose of enabling interoperability of an independently created computer program with other programs, and to the extent that doing so does not constitute infringement under this title or violate applicable law other than this section.

“(4) For purposes of this subsection, the term ‘interoperability’ means the ability of computer programs to exchange information, and of such programs mutually to use the information which has been exchanged.

“(g) ENCRYPTION RESEARCH.—

“(1) DEFINITIONS.—For purposes of this subsection—

“(A) the term ‘encryption research’ means activities necessary to identify and analyze flaws and vulnerabilities of encryption technologies applied to copyrighted works, if these activities are conducted to advance the state of knowledge in the field of encryption technology or to assist in the development of encryption products; and

“(B) the term ‘encryption technology’ means the scrambling and descrambling of information using mathematical formulas or algorithms.

“(2) PERMISSIBLE ACTS OF ENCRYPTION RESEARCH.—Notwithstanding the provisions of subsection (a)(1)(A), it is not a violation of that subsection for a person to circumvent a technological measure as applied to a copy, phonorecord, performance, or display of a published work in the course of an act of good faith encryption research if—

“(A) the person lawfully obtained the encrypted copy, phonorecord, performance, or display of the published work;

“(B) such act is necessary to conduct such encryption research;

“(C) the person made a good faith effort to obtain authorization before the circumvention; and

“(D) such act does not constitute infringement under this title or a violation of applicable law other than this section, including section 1030 of title 18 and those provisions of title 18 amended by the Computer Fraud and Abuse Act of 1986.

“(3) FACTORS IN DETERMINING EXEMPTION.—In determining whether a person qualifies for the exemption under paragraph (2), the factors to be considered shall include—

“(A) whether the information derived from the encryption research was disseminated, and if so, whether it was disseminated in a manner reasonably calculated to advance the state of knowledge or development of encryption technology, versus whether it was disseminated in a manner that facilitates infringement under this title or a violation of applicable law other than this section, including a violation of privacy or breach of security;

“(B) whether the person is engaged in a legitimate course of study, is employed, or is appropriately trained or experienced, in the field of encryption technology; and

“(C) whether the person provides the copyright owner of the work to which the technological measure is applied with notice of the findings and documentation of the research, and the time when such notice is provided.

“(4) USE OF TECHNOLOGICAL MEANS FOR RESEARCH ACTIVITIES.—Notwithstanding the provisions of subsection (a)(2), it is not a violation of that subsection for a person to—

“(A) develop and employ technological means to circumvent a technological measure for the sole purpose of that person performing the acts of good faith encryption research described in paragraph (2); and

“(B) provide the technological means to another person with whom he or she is working collaboratively for the purpose of conducting the acts of good faith encryption research described in paragraph (2) or for the purpose of having that other person verify his or her acts of good faith encryption research described in paragraph (2).

“(5) REPORT TO CONGRESS.—Not later than 1 year after the date of the enactment of this chapter, the Register of Copyrights and the Assistant Secretary for Communications and Information of the Department of Commerce shall jointly report to the Congress on the effect this subsection has had on—

“(A) encryption research and the development of encryption technology;

“(B) the adequacy and effectiveness of technological measures designed to protect copyrighted works; and

“(C) protection of copyright owners against the unauthorized access to their encrypted copyrighted works.

The report shall include legislative recommendations, if any.

“(h) EXCEPTIONS REGARDING MINORS.—In applying subsection (a) to a component or part, the court may consider the necessity for its intended and actual incorporation in a technology, product, service, or device, which—

“(1) does not itself violate the provisions of this title; and

“(2) has the sole purpose to prevent the access of minors to material on the Internet.

“(i) PROTECTION OF PERSONALLY IDENTIFYING INFORMATION.—

(1) CIRCUMVENTION PERMITTED.—Notwithstanding the provisions of subsection (a)(1)(A), it is not a violation of that subsection for a person to circumvent a technological measure that effectively controls access to a work protected under this title, if—

“(A) the technological measure, or the work it protects, contains the capability of collecting or disseminating personally identifying information reflecting the online activities of a natural person who seeks to gain access to the work protected;

“(B) in the normal course of its operation, the technological measure, or the work it protects, collects or disseminates personally identifying information about the person who seeks to gain access to the work protected, without providing conspicuous notice of such collection or dissemination to such person, and without providing such person with the capability to prevent or restrict such collection or dissemination;

“(C) the act of circumvention has the sole effect of identifying and disabling the capability described in subparagraph (A), and has no other effect on the ability of any person to gain access to any work; and

“(D) the act of circumvention is carried out solely for the purpose of preventing the collection or dissemination of personally identifying information about a natural person who seeks to gain access to the work protected, and is not in violation of any other law.

“(2) INAPPLICABILITY TO CERTAIN TECHNOLOGICAL MEASURES.—This subsection does not apply to a technological measure, or a

work it protects, that does not collect or disseminate personally identifying information and that is disclosed to a user as not having or using such capability.

“(j) SECURITY TESTING.—

“(1) DEFINITION.—For purposes of this subsection, the term ‘security testing’ means accessing a computer, computer system, or computer network, solely for the purpose of good faith testing, investigating, or correcting, a security flaw or vulnerability, with the authorization of the owner or operator of such computer, computer system, or computer network.

“(2) PERMISSIBLE ACTS OF SECURITY TESTING.—Notwithstanding the provisions of subsection (a)(1)(A), it is not a violation of that subsection for a person to engage in an act of security testing, if such act does not constitute infringement under this title or a violation of applicable law other than this section, including section 1030 of title 18 and those provisions of title 18 amended by the Computer Fraud and Abuse Act of 1986.

“(3) FACTORS IN DETERMINING EXEMPTION.—In determining whether a person qualifies for the exemption under paragraph (2), the factors to be considered shall include—

“(A) whether the information derived from the security testing was used solely to promote the security of the owner or operator of such computer, computer system or computer network, or shared directly with the developer of such computer, computer system, or computer network; and

“(B) whether the information derived from the security testing was used or maintained in a manner that does not facilitate infringement under this title or a violation of applicable law other than this section, including a violation of privacy or breach of security.

“(4) USE OF TECHNOLOGICAL MEANS FOR SECURITY TESTING.—Notwithstanding the provisions of subsection (a)(2), it is not a violation of that subsection for a person to develop, produce, distribute or employ technological means for the sole purpose of performing the acts of security testing described in subsection (2), provided such technological means does not otherwise violate section (a)(2).

“(k) CERTAIN ANALOG DEVICES AND CERTAIN TECHNOLOGICAL MEASURES.—

“(1) CERTAIN ANALOG DEVICES.—

“(A) Effective 18 months after the date of the enactment of this chapter, no person shall manufacture, import, offer to the public, provide or otherwise traffic in any—

“(i) VHS format analog video cassette recorder unless such recorder conforms to the automatic gain control copy control technology;

“(ii) 8mm format analog video cassette camcorder unless such camcorder conforms to the automatic gain control technology;

“(iii) Beta format analog video cassette recorder, unless such recorder conforms to the automatic gain control copy control technology, except that this requirement shall not apply until there are 1,000 Beta format analog video cassette recorders sold in the United States in any one calendar year after the date of the enactment of this chapter;

“(iv) 8mm format analog video cassette recorder that is not an analog video cassette camcorder, unless such recorder conforms to the automatic gain control copy control technology, except that this requirement shall not apply until there are 20,000 such recorders sold in the United States in any one calendar year after the date of the enactment of this chapter; or

“(v) analog video cassette recorder that records using an NTSC format video input and that is not otherwise covered under clauses (i) through (iv), unless such device conforms to the automatic gain control copy control technology.

“(B) Effective on the date of the enactment of this chapter, no person shall manufacture, import, offer to the public, provide or otherwise traffic in—

“(i) any VHS format analog video cassette recorder or any 8mm format analog video cassette recorder if the design of the model of such recorder has been modified after such date of enactment so that a model of recorder that previously conformed to the automatic gain control copy control technology no longer conforms to such technology; or

“(ii) any VHS format analog video cassette recorder, or any 8mm format analog video cassette recorder that is not an 8mm analog video cassette camcorder, if the design of the model of such recorder has been modified after such date of enactment so that a model of recorder that previously conformed to the four-line colorstripe copy control technology no longer conforms to such technology.

Manufacturers that have not previously manufactured or sold a VHS format analog video cassette recorder, or an 8mm format analog cassette recorder, shall be required to conform to the four-line colorstripe copy control technology in the initial model of any such recorder manufactured after the date of the enactment of this chapter, and thereafter to continue conforming to the four-line colorstripe copy control technology. For purposes of this subparagraph, an analog video cassette recorder ‘conforms to’ the four-line colorstripe copy control technology if it records a signal that, when played back by the playback function of that recorder in the normal viewing mode, exhibits, on a reference display device, a display containing distracting visible lines through portions of the viewable picture.

“(2) CERTAIN ENCODING RESTRICTIONS.—No person shall apply the automatic gain control copy control technology or colorstripe copy control technology to prevent or limit consumer copying except such copying—

“(A) of a single transmission, or specified group of transmissions, of live events or of audiovisual works for which a member of the public has exercised choice in selecting the transmissions, including the content of the transmissions or the time of receipt of such transmissions, or both, and as to which such member is charged a separate fee for each such transmission or specified group of transmissions;

“(B) from a copy of a transmission of a live event or an audiovisual work if such transmission is provided by a channel or service where payment is made by a member of the public for such channel or service in the form of a subscription fee that entitles the member of the public to receive all of the programming contained in such channel or service;

“(C) from a physical medium containing one or more prerecorded audiovisual works; or

“(D) from a copy of a transmission described in subparagraph (A) or from a copy made from a physical medium described in subparagraph (C).

In the event that a transmission meets both the conditions set forth in subparagraph (A) and those set forth in subparagraph (B), the transmission shall be treated as a transmission described in subparagraph (A).

“(3) INAPPLICABILITY.—This subsection shall not—

“(A) require any analog video cassette camcorder to conform to the automatic gain control copy control technology with respect to any video signal received through a camera lens;

“(B) apply to the manufacture, importation, offer for sale, provision of, or other trafficking in, any professional analog video cassette recorder; or

“(C) apply to the offer for sale or provision of, or other trafficking in, any previously owned analog video cassette recorder, if such recorder was legally manufactured and sold when new and not subsequently modified in violation of paragraph (1)(B).

“(4) DEFINITIONS.—For purposes of this subsection:

“(A) An ‘analog video cassette recorder’ means a device that records, or a device that includes a function that records, on electromagnetic tape in an analog format the electronic impulses produced by the video and audio portions of a television program, motion picture, or other form of audiovisual work.

“(B) An ‘analog video cassette camcorder’ means an analog video cassette recorder that contains a recording function that operates through a camera lens and through a video input that may be connected with a television or other video playback device.

“(C) An analog video cassette recorder ‘conforms’ to the automatic gain control copy control technology if it—

“(i) detects one or more of the elements of such technology and does not record the motion picture or transmission protected by such technology; or

“(ii) records a signal that, when played back, exhibits a meaningfully distorted or degraded display.

“(D) The term ‘professional analog video cassette recorder’ means an analog video cassette recorder that is designed, manufactured, marketed, and intended for use by a person who regularly employs such a device for a lawful business or industrial use, including making, performing, displaying, distributing, or transmitting copies of motion pictures on a commercial scale.

“(E) The terms ‘VHS format,’ ‘8mm format,’ ‘Beta format,’ ‘automatic gain control copy control technology,’ ‘colorstripe copy control technology,’ ‘four-line version of the colorstripe copy control technology,’ and ‘NTSC’ have the meanings that are commonly understood in the consumer electronics and motion picture industries as of the date of the enactment of this chapter.

“(5) VIOLATIONS.—Any violation of paragraph (1) of this subsection shall be treated as a violation of subsection (b)(1) of this section. Any violation of paragraph (2) of this subsection shall be deemed an ‘act of circumvention’ for the purposes of section 1203(c)(3)(A) of this chapter.

“§1202. Integrity of copyright management information

“(a) FALSE COPYRIGHT MANAGEMENT INFORMATION.—No person shall knowingly and with the intent to induce, enable, facilitate, or conceal infringement—

“(1) provide copyright management information that is false, or

“(2) distribute or import for distribution copyright management information that is false.

“(b) REMOVAL OR ALTERATION OF COPYRIGHT MANAGEMENT INFORMATION.—No person shall, without the authority of the copyright owner or the law—

“(1) intentionally remove or alter any copyright management information,

“(2) distribute or import for distribution copyright management information knowing that the copyright management information has been removed or altered without authority of the copyright owner or the law, or

“(3) distribute, import for distribution, or publicly perform works, copies of works, or phonorecords, knowing that copyright management information has been removed or altered without authority of the copyright owner or the law.

“(c) REMEDIES.—No person shall, with respect to civil remedies under section 1203, having reasonable grounds to know, that it will induce, enable,

facilitate, or conceal an infringement of any right under this title.

“(c) DEFINITION.—As used in this section, the term ‘copyright management information’ means any of the following information conveyed in connection with copies or phonorecords of a work or performances or displays of a work, including in digital form, except that such term does not include any personally identifying information about a user of a work or of a copy, phonorecord, performance, or display of a work:

“(1) The title and other information identifying the work, including the information set forth on a notice of copyright.

“(2) The name of, and other identifying information about, the author of a work.

“(3) The name of, and other identifying information about, the copyright owner of the work, including the information set forth in a notice of copyright.

“(4) With the exception of public performances of works by radio and television broadcast stations, the name of, and other identifying information about, a performer whose performance is fixed in a work other than an audiovisual work.

“(5) With the exception of public performances of works by radio and television broadcast stations, in the case of an audiovisual work, the name of, and other identifying information about, a writer, performer, or director who is credited in the audiovisual work.

“(6) Terms and conditions for use of the work.

“(7) Identifying numbers or symbols referring to such information or links to such information.

“(8) Such other information as the Register of Copyrights may prescribe by regulation, except that the Register of Copyrights may not require the provision of any information concerning the user of a copyrighted work.

“(d) LAW ENFORCEMENT, INTELLIGENCE, AND OTHER GOVERNMENT ACTIVITIES.—This section does not prohibit any lawfully authorized investigative, protective, information security, or intelligence activity of an officer, agent, or employee of the United States, a State, or a political subdivision of a State, or a person acting pursuant to a contract with the United States, a State, or a political subdivision of a State. For purposes of this subsection, the term ‘information security’ means activities carried out in order to identify and address the vulnerabilities of a government computer, computer system, or computer network.

“(e) LIMITATIONS ON LIABILITY.—

“(1) ANALOG TRANSMISSIONS.—In the case of an analog transmission, a person who is making transmissions in its capacity as a broadcast station, or as a cable system, or someone who provides programming to such station or system, shall not be liable for a violation of subsection (b) if—

“(A) avoiding the activity that constitutes such violation is not technically feasible or would create an undue financial hardship on such person; and

“(B) such person did not intend, by engaging in such activity, to induce, enable, facilitate, or conceal infringement of a right under this title.

“(2) DIGITAL TRANSMISSIONS.—

“(A) If a digital transmission standard for the placement of copyright management information for a category of works is set in a voluntary, consensus standard-setting process involving a representative cross-section of broadcast stations or cable systems and copyright owners of a category of works that are intended for public performance by such stations or systems, a person identified in paragraph (1) shall not be liable for a violation of subsection (b) with respect to the par-

tical copyright management information addressed by such standard if—

“(i) the placement of such information by someone other than such person is not in accordance with such standard; and

“(ii) the activity that constitutes such violation is not intended to induce, enable, facilitate, or conceal infringement of a right under this title.

“(B) Until a digital transmission standard has been set pursuant to subparagraph (A) with respect to the placement of copyright management information for a category or works, a person identified in paragraph (1) shall not be liable for a violation of subsection (b) with respect to such copyright management information, if the activity that constitutes such violation is not intended to induce, enable, facilitate, or conceal infringement of a right under this title, and if—

“(i) the transmission of such information by such person would result in a perceptible visual or aural degradation of the digital signal; or

“(ii) the transmission of such information by such person would conflict with—

“(I) an applicable government regulation relating to transmission of information in a digital signal;

“(II) an applicable industry-wide standard relating to the transmission of information in a digital signal that was adopted by a voluntary consensus standards body prior to the effective date of this chapter; or

“(III) an applicable industry-wide standard relating to the transmission of information in a digital signal that was adopted in a voluntary, consensus standards-setting process open to participation by a representative cross-section of broadcast stations or cable systems and copyright owners of a category of works that are intended for public performance by such stations or systems.

“(3) DEFINITIONS.—As used in this subsection—

“(A) the term ‘broadcast station’ has the meaning given that term in section 3 of the Communications Act of 1934 (47 U.S.C. 153); and

“(B) the term ‘cable system’ has the meaning given that term in section 602 of the Communications Act of 1934 (47 U.S.C. 522)).

“§ 1203. Civil remedies

“(b) POWERS OF THE COURT.—In an action brought under subsection (a), the court—

“(1) may grant temporary and permanent injunctions on such terms as it deems reasonable to prevent or restrain a violation, but in no event shall impose a prior restraint on free speech or the press protected under the 1st amendment to the Constitution;

“(2) at any time while an action is pending, may order the impounding, on such terms as it deems reasonable, of any device or product that is in the custody or control of the alleged violator and that the court has reasonable cause to believe was involved in a violation;

“(3) may award damages under subsection (c);

“(4) in its discretion may allow the recovery of costs by or against any party other than the United States or an officer thereof;

“(5) in its discretion may award reasonable attorney’s fees to the prevailing party; and

“(6) may, as part of a final judgment or decree finding a violation, order the remedial modification or the destruction of any device or product involved in the violation that is in the custody or control of the violator or has been impounded under paragraph (2).

“(C) AWARD OF DAMAGES.—

“(1) IN GENERAL.—Except as otherwise provided in this title, a person committing a

violation of section 1201 or 1202 is liable for either—

“(A) the actual damages and any additional profits of the violator, as provided in paragraph (2), or

“(B) statutory damages, as provided in paragraph (3).

“(2) ACTUAL DAMAGES.—The court shall award to the complaining party the actual damages suffered by the party as a result of the violation, and any profits of the violator that are attributable to the violation and are not taken into account in computing the actual damages, if the complaining party elects such damages at any time before final judgment is entered.

“(3) STATUTORY DAMAGES.—(A) At any time before final judgment is entered, a complaining party may elect to recover an award of statutory damages for each violation of section 1201 in the sum of not less than \$200 or more than \$2,500 per act of circumvention, device, product, component, offer, or performance of service, as the court considers just.

“(4) REPEATED VIOLATIONS.—In any case in which the injured party sustains the burden of proving, and the court finds, that a person has violated section 1201 or 1202 within three years after a final judgment was entered against the person for another such violation, the court may increase the award of damages up to triple the amount that would otherwise be awarded, as the court considers just.

“(5) INNOCENT VIOLATIONS.—

“(A) IN GENERAL.—The court in its discretion may reduce or remit the total award of damages in any case in which the violator sustains the burden of proving, and the court finds, that the violator was not aware and had no reason to believe that its acts constituted a violation.

“(B) NONPROFIT LIBRARY, ARCHIVES, OR EDUCATIONAL INSTITUTIONS.—In the case of a nonprofit library, archives, or educational institution, the court shall remit damages in any case in which the library, archives, or educational institution sustains the burden of proving, and the court finds, that the library, archives, or educational institution was not aware and had no reason to believe that its acts constituted a violation.

TITLE II—ONLINE COPYRIGHT INFRINGEMENT LIABILITY LIMITATION

SEC. 201. SHORT TITLE.

This title may be cited as the “Online Copyright Infringement Liability Limitation Act”.

SEC. 202. LIMITATIONS ON LIABILITY FOR COPYRIGHT INFRINGEMENT.

(a) IN GENERAL.—Chapter 5 of title 17, United States Code, is amended by adding after section 511 the following new section:

“§ 512. Limitations on liability relating to material online

“(a) TRANSITORY DIGITAL NETWORK COMMUNICATIONS.—A service provider shall not be liable for monetary relief, or, except as provided in subsection (j), for injunctive or other equitable relief, for infringement of copyright by reason of the provider’s transmitting, routing, or providing connections for, material through a system or network controlled or operated by or for the service provider, or by reason of the intermediate and transient storage of that material in the course of such transmitting, routing, or providing connections, if—

“(1) the transmission of the material was initiated by or at the direction of a person other than the service provider;

“(2) the transmission, routing, provision of connections, or storage is carried out through an automatic technical process without selection of the material by the service provider;

“(3) the service provider does not select the recipients of the material except as an automatic response to the request of another person;

“(4) no copy of the material made by the service provider in the course of such intermediate or transient storage is maintained on the system or network in a manner ordinarily accessible to anyone other than anticipated recipients, and no such copy is maintained on the system or network in a manner ordinarily accessible to such anticipated recipients for a longer period than is reasonably necessary for the transmission, routing, or provision of connections; and

“(5) the material is transmitted through the system or network without modification of its content.

“(b) SYSTEM CACHING.—

“(1) LIMITATION ON LIABILITY.—A service provider shall not be liable for monetary relief, or, except as provided in subsection (j), for injunctive or other equitable relief, for infringement of copyright by reason of the intermediate and temporary storage of material on a system or network controlled or operated by or for the service provider in a case in which—

“(A) the material is made available online by a person other than the service provider,

“(B) the material is transmitted from the person described in subparagraph (A) through the system or network to a person other than the person described in subparagraph (A) at the direction of that other person, and

“(C) the storage is carried out through an automatic technical process for the purpose of making the material available to users of the system or network who, after the material is transmitted as described in subparagraph (B), request access to the material from the person described in subparagraph (A),

if the conditions set forth in paragraph (2) are met.

(2) CONDITIONS.—The conditions referred to in paragraph (1) are that—

“(A) the material described in paragraph (1) is transmitted to the subsequent users described in paragraph (1)(C) without modification to its content from the manner in which the material was transmitted from the person described in paragraph (1)(A);

“(B) the service provider described in paragraph (1) complies with rules concerning the refreshing, reloading, or other updating of the material when specified by the person making the material available online in accordance with a generally accepted industry standard data communications protocol for the system or network through which that person makes the material available, except that this subparagraph applies only if those rules are not used by the person described in

paragraph (1)(A) to prevent or unreasonably impair the intermediate storage to which this subsection applies;

“(C) the service provider does not interfere with the ability of technology associated with the material to return to the person described in paragraph (1)(A) the information that would have been available to that person if the material had been obtained by the subsequent users described in paragraph (1)(C) directly from that person, except that this subparagraph applies only if that technology—

“(i) does not significantly interfere with the performance of the provider’s system or network or with the intermediate storage of the material;

“(ii) is consistent with generally accepted industry standard communications protocols; and

“(iii) does not extract information from the provider’s system or network other than the information that would have been available to the person described in paragraph (1)(A) if the subsequent users had gained access to the material directly from that person;

“(D) if the person described in paragraph (1)(A) has in effect a condition that a person must meet prior to having access to the material, such as a condition based on payment of a fee or provision of a password or other information, the service provider permits access to the stored material in significant part only to users of its system or network that have met those conditions and only in accordance with those conditions; and

“(E) if the person described in paragraph (1)(A) makes that material available online without the authorization of the copyright owner of the material, the service provider responds expeditiously to remove, or disable access to, the material that is claimed to be infringing upon notification of claimed infringement as described in subsection (c)(3), except that this subparagraph applies only if—

“(i) the material has previously been removed from the originating site or access to it has been disabled, or a court has ordered that the material be removed from the originating site or that access to the material on the originating site be disabled; and

“(ii) the party giving the notification includes in the notification a statement confirming that the material has been removed from the originating site or access to it has been disabled or that a court has ordered that the material be removed from the originating site or that access to the material on the originating site be disabled.

“(C) INFORMATION RESIDING ON SYSTEMS OR NETWORKS AT DIRECTION OF USERS.—

“(1) IN GENERAL.—A service provider shall not be liable for monetary relief, or, except as provided in subsection (j), for injunctive or other equitable relief, for infringement of copyright by reason of the storage at the direction of a user of material that resides on a system or network controlled or operated by or for the service provider, if the service provider—

“(A)(i) does not have actual knowledge that the material or an activity using the material on the system or network is infringing;

“(ii) in the absence of such actual knowledge, is not aware of facts or circumstances from which infringing activity is apparent; or

“(iii) upon obtaining such knowledge or awareness, acts expeditiously to remove, or disable access to, the material;

“(B) does not receive a financial benefit directly attributable to the infringing activity, in a case in which the service provider has the right and ability to control such activity; and

“(C) upon notification of claimed infringement as described in paragraph (3), responds expeditiously to remove, or disable access to, the material that is claimed to be infringing or to be the subject of infringing activity.

“(2) DESIGNATED AGENT.—The limitations on liability established in this subsection apply to a service provider only if the service provider has designated an agent to receive notifications of claimed infringement described in paragraph (3), by making available through its service, including on its website in a location accessible to the public, and by providing to the Copyright Office, substantially the following information:

“(A) the name, address, phone number, and electronic mail address of the agent.

“(B) other contact information which the Register of Copyrights may deem appropriate.

The Register of Copyrights shall maintain a current directory of agents available to the public for inspection, including through the Internet, in both electronic and hard copy formats, and may require payment of a fee by service providers to cover the costs of maintaining the directory.

“(3) ELEMENTS OF NOTIFICATION.—

“(A) To be effective under this subsection, a notification of claimed infringement must be a written communication provided to the designated agent of a service provider that includes substantially the following:

“(i) A physical or electronic signature of a person authorized to act on behalf of the owner of an exclusive right that is allegedly infringed.

“(ii) Identification of the copyrighted work claimed to have been infringed, or, if multiple copyrighted works at a single online site are covered by a single notification, a representative list of such works at that site.

“(iii) Identification of the material that is claimed to be infringing or to be the subject of infringing activity and that is to be removed or access to which is to be disabled, and information reasonably sufficient to permit the service provider to locate the material.

“(iv) Information reasonably sufficient to permit the service provider to contact the complaining party, such as an address, telephone number, and, if available, an electronic mail address at which the complaining party may be contacted.

“(v) A statement that the complaining party has a good faith belief that use of the material in the manner complained of is not authorized by the copyright owner, its agent, or the law.

“(vi) A statement that the information in the notification is accurate, and under penalty of perjury, that the complaining party is authorized to act on behalf of the owner of an exclusive right that is allegedly infringed.

“(B)(i) Subject to clause (ii), a notification from a copyright owner or from a person authorized to act on behalf of the copyright owner that fails to comply substantially with the provisions of subparagraph (A) shall not be considered under paragraph (1)(A) in determining whether a service provider has actual knowledge or is aware of facts or circumstances from which infringing activity is apparent.

“(ii) In a case in which the notification that is provided to the service provider’s designated agent fails to comply substantially with all the provisions of subparagraph (A) but substantially complies with clauses (ii), (iii), and (iv) of subparagraph (A), clause (i) of this subparagraph applies only if the service provider promptly attempts to contact the person making the notification or takes other reasonable steps to assist in the receipt of notification that substantially complies with all the provisions of subparagraph (A).

“(d) INFORMATION LOCATION TOOLS.—A service provider shall not be liable for monetary relief, or, except as provided in subsection (j), for injunctive or other equitable relief, for infringement of copyright by reason of the provider referring or linking users to an online location containing infringing material or infringing activity, by using information location tools, including a directory, index, reference, pointer, or hypertext link, if the service provider—

“(1)(A) does not have actual knowledge that the material or activity is infringing;

“(B) in the absence of such actual knowledge, is not aware of facts or circumstances from which infringing activity is apparent; or

“(C) upon obtaining such knowledge or awareness, acts expeditiously to remove, or disable access to, the material;

“(2) does not receive a financial benefit directly attributable to the infringing activity, in a case in which the service provider has the right and ability to control such activity; and

“(3) upon notification of claimed infringement as described in subsection (c)(3), responds expeditiously to remove, or disable access to, the material that is claimed to be infringing or to be the subject of infringing activity, except that, for purposes of this paragraph, the information described in subsection (c)(3)(A)(iii) shall be identification of the reference or link, to material or activity claimed to be infringing, that is to be removed or access to which is to be disabled, and information reasonably sufficient to permit the service provider to locate that reference or link.

“(e) LIMITATION ON LIABILITY OF NONPROFIT EDUCATIONAL INSTITUTIONS.—(1) When a public or other nonprofit institution of higher education is a service provider, and when a faculty member or graduate student who is an employee of such institution is performing a teaching or research function, for the purposes of subsections (a) and (b) such faculty member or graduate student shall be considered to be a person other than the institution, and for the purposes of subsections (c) and (d) such faculty member's or graduate student's knowledge or awareness of his or her infringing activities shall not be attributed to the institution, if—

“(A) such faculty member's or graduate student's infringing activities do not involve the provision of online access to instructional materials that are or were required or recommended, within the preceding 3-year period, for a course taught at the institution by such faculty member or graduate student;

“(B) the institution has not, within the preceding 3-year period, received more than 2 notifications described in subsection (c)(3) of claimed infringement by such faculty member or graduate student, and such notifications of claimed infringement were not actionable under subsection (f); and

“(C) the institution provides to all users of its system or network informational materials that accurately describe, and promote compliance with, the laws of the United States relating to copyright.

“(2) INJUNCTIONS.—For the purposes of this subsection, the limitations on injunctive relief contained in subsections (j)(2) and (j)(3), but not those in (j)(1), shall apply.

“(f) MISREPRESENTATIONS.—Any person who knowingly materially misrepresents under this section—

“(1) that material or activity is infringing, or

“(2) that material or activity was removed or disabled by mistake or misidentification, shall be liable for any damages, including costs and attorneys' fees, incurred by the alleged infringer, by any copyright owner or copyright owner's authorized licensee, or by a service provider, who is injured by such

misrepresentation, as the result of the service provider relying upon such misrepresentation in removing or disabling access to the material or activity claimed to be infringing, or in replacing the removed material or ceasing to disable access to it.

“(g) REPLACEMENT OF REMOVED OR DISABLED MATERIAL AND LIMITATION ON OTHER LIABILITY.—

“(1) NO LIABILITY FOR TAKING DOWN GENERALLY.—Subject to paragraph (2), a service provider shall not be liable to any person for any claim based on the service provider's good faith disabling of access to, or removal of, material or activity claimed to be infringing or based on facts or circumstances from which infringing activity is apparent, regardless of whether the material or activity is ultimately determined to be infringing.

“(2) EXCEPTION.—Paragraph (1) shall not apply with respect to material residing at the direction of a subscriber of the service provider on a system or network controlled or operated by or for the service provider that is removed, or to which access is disabled by the service provider, pursuant to a notice provided under subsection (c)(1)(C), unless the service provider—

“(A) takes reasonable steps promptly to notify the subscriber that it has removed or disabled access to the material;

“(B) upon receipt of a counter notification described in paragraph (3), promptly provides the person who provided the notification under subsection (c)(1)(C) with a copy of the counter notification, and informs that person that it will replace the removed material or cease disabling access to it in 10 business days; and

“(C) replaces the removed material and ceases disabling access to it not less than 10, nor more than 14, business days following receipt of the counter notice, unless its designated agent first receives notice from the person who submitted the notification under subsection (c)(1)(C) that such person has filed an action seeking a court order to restrain the subscriber from engaging in infringing activity relating to the material on the service provider's system or network.

“(3) CONTENTS OF COUNTER NOTIFICATION.—To be effective under this subsection, a counter notification must be a written communication provided to the service provider's designated agent that includes substantially the following:

“(A) A physical or electronic signature of the subscriber.

“(B) Identification of the material that has been removed or to which access has been disabled and the location at which the material appeared before it was removed or access to it was disabled.

“(C) A statement under penalty of perjury that the subscriber has a good faith belief that the material was removed or disabled as a result of mistake or misidentification of the material to be removed or disabled.

“(D) The subscriber's name, address, and telephone number, and a statement that the subscriber consents to the jurisdiction of Federal District Court for the judicial district in which the address is located, or if the subscriber's address is outside of the United States, for any judicial district in which the service provider may be found, and that the subscriber will accept service of process from the person who provided notification under subsection (c)(1)(C) or an agent of such person.

“(4) LIMITATION ON OTHER LIABILITY.—A service provider's compliance with paragraph (2) shall not subject the service provider to liability for copyright infringement with respect to the material identified in the notice provided under subsection (c)(1)(C).

“(h) SUBPOENA TO IDENTIFY INFRINGER.—

“(1) REQUEST.—A copyright owner or a person authorized to act on the owner's behalf may request the clerk of any United States district court to issue a subpoena to a service provider for identification of an alleged infringer in accordance with this subsection.

“(2) CONTENTS OF REQUEST.—The request may be made by filing with the clerk—

“(A) a copy of a notification described in subsection (c)(3)(A);

“(B) a proposed subpoena; and

“(C) a sworn declaration to the effect that the purpose for which the subpoena is sought is to obtain the identity of an alleged infringer and that such information will only be used for the purpose of protecting rights under this title.

“(3) CONTENTS OF SUBPOENA.—The subpoena shall authorize and order the service provider receiving the notification and the subpoena to expeditiously disclose to the copyright owner or person authorized by the copyright owner information sufficient to identify the alleged infringer of the material described in the notification to the extent such information is available to the service provider.

“(4) BASIS FOR GRANTING SUBPOENA.—If the notification filed satisfies the provisions of subsection (c)(3)(A), the proposed subpoena is in proper form, and the accompanying declaration is properly executed, the clerk shall expeditiously issue and sign the proposed subpoena and return it to the requester for delivery to the service provider.

“(5) ACTIONS OF SERVICE PROVIDER RECEIVING SUBPOENA.—Upon receipt of the issued subpoena, either accompanying or subsequent to the receipt of a notification described in subsection (c)(3)(A), the service provider shall expeditiously disclose to the copyright owner or person authorized by the copyright owner the information required by the subpoena, notwithstanding any other provision of law and regardless of whether the service provider responds to the notification.

“(6) RULES APPLICABLE TO SUBPOENA.—Unless otherwise provided by this section or by applicable rules of the court, the procedure for issuance and delivery of the subpoena, and the remedies for noncompliance with the subpoena, shall be governed to the greatest extent practicable by those provisions of the Federal Rules of Civil Procedure governing the issuance, service, and enforcement of a subpoena duces tecum.

“(i) CONDITIONS FOR ELIGIBILITY.—

“(1) ACCOMMODATION OF TECHNOLOGY.—The limitations on liability established by this section shall apply to a service provider only if the service provider—

“(A) has adopted and reasonably implemented, and informs subscribers and account holders of the service provider's system or network of, a policy that provides for the termination in appropriate circumstances of subscribers and account holders of the service provider's system or network who are repeat infringers; and

“(B) accommodates and does not interfere with standard technical measures.

“(2) DEFINITION.—As used in this subsection, the term ‘standard technical measures’ means technical measures that are used by copyright owners to identify or protect copyrighted works and—

“(A) have been developed pursuant to a broad consensus of copyright owners and service providers in an open, fair, voluntary, multi-industry standards process;

“(B) are available to any person on reasonable and nondiscriminatory terms; and

“(C) do not impose substantial costs on service providers or substantial burdens on their systems or networks.

“(j) INJUNCTIONS.—The following rules shall apply in the case of any application for an injunction under section 502 against a

service provider that is not subject to monetary remedies under this section:

“(1) SCOPE OF RELIEF.—(A) With respect to conduct other than that which qualifies for the limitation on remedies set forth in subsection (a), the court may grant injunctive relief with respect to a service provider only in one or more of the following forms:

“(i) An order restraining the service provider from providing access to infringing material or activity residing at a particular online site on the provider's system or network.

“(ii) An order restraining the service provider from providing access to a subscriber or account holder of the service provider's system or network who is engaging in infringing activity and is identified in the order, by terminating the accounts of the subscriber or account holder that are specified in the order.

“(iii) Such other injunctive relief as the court may consider necessary to prevent or restrain infringement of copyrighted material specified in the order of the court at a particular online location, if such relief is the least burdensome to the service provider among the forms of relief comparably effective for that purpose.

“(B) If the service provider qualifies for the limitation on remedies described in subsection (a), the court may only grant injunctive relief in one or both of the following forms:

“(i) An order restraining the service provider from providing access to a subscriber or account holder of the service provider's system or network who is using the provider's service to engage in infringing activity and is identified in the order, by terminating the accounts of the subscriber or account holder that are specified in the order.

“(ii) An order restraining the service provider from providing access, by taking reasonable steps specified in the order to block access, to a specific, identified, online location outside the United States.

“(2) CONSIDERATIONS.—The court, in considering the relevant criteria for injunctive relief under applicable law, shall consider—

“(A) whether such an injunction, either alone or in combination with other such injunctions issued against the same service provider under this subsection, would significantly burden either the provider or the operation of the provider's system or network;

“(B) the magnitude of the harm likely to be suffered by the copyright owner in the digital network environment if steps are not taken to prevent or restrain the infringement;

“(C) whether implementation of such an injunction would be technically feasible and effective, and would not interfere with access to noninfringing material at other online locations; and

“(D) whether other less burdensome and comparably effective means of preventing or restraining access to the infringing material are available.

“(3) NOTICE AND EX PARTE ORDERS.—Injunctive relief under this subsection shall be available only after notice to the service provider and an opportunity for the service provider to appear are provided, except for orders ensuring the preservation of evidence or other orders having no material adverse effect on the operation of the service provider's communications network.

“(k) DEFINITIONS.—

“(1) SERVICE PROVIDER.—(A) As used in subsection (a), the term ‘service provider’ means an entity offering the transmission, routing, or providing of connections for digital online communications, between or among points specified by a user, of material of the user's choosing, without modification to the content of the material as sent or received.

“(B) As used in this section, other than subsection (a), the term ‘service provider’ means a provider of online services or network access, or the operator of facilities therefor, and includes an entity described in subparagraph (A).

“(2) MONETARY RELIEF.—As used in this section, the term ‘monetary relief’ means damages, costs, attorneys' fees, and any other form of monetary payment.

“(1) OTHER DEFENSES NOT AFFECTED.—The failure of a service provider's conduct to qualify for limitation of liability under this section shall not bear adversely upon the consideration of a defense by the service provider that the service provider's conduct is not infringing under this title or any other defense.

“(m) PROTECTION OF PRIVACY.—Nothing in this section shall be construed to condition the applicability of subsections (a) through (d) on—

“(1) a service provider monitoring its service or affirmatively seeking facts indicating infringing activity, except to the extent consistent with a standard technical measure complying with the provisions of subsection (i); or

“(2) a service provider gaining access to, removing, or disabling access to material in cases in which such conduct is prohibited by law.

“(n) CONSTRUCTION.—Subsections (a), (b), (c), and (d) describe separate and distinct functions for purposes of applying this section. Whether a service provider qualifies for the limitation on liability in any one of those subsections shall be based solely on the criteria in that subsection, and shall not affect a determination of whether that service provider qualifies for the limitations on liability under any other such subsection.”.

“(1) such new copy is used in no other manner and is destroyed immediately after the maintenance or repair is completed; and

transmission, or a transmission not exempt under paragraph (1) that is made by a preexisting satellite digital audio radio service shall be subject to statutory licensing, in accordance with subsection (f) if—

"(A)(i) the transmission is not part of an interactive service;

"(ii) except in the case of a transmission to a business establishment, the transmitting entity does not automatically and intentionally cause any device receiving the transmission to switch from one program channel to another; and

"(iii) except as provided in section 1002(e), the transmission of the sound recording is accompanied, if technically feasible, by the information encoded in that sound recording, if any, by or under the authority of the copyright owner of that sound recording, that identifies the title of the sound recording, the featured recording artist who performs on the sound recording, and related information, including information concerning the underlying musical work and its writer;

"(B) in the case of a subscription transmission not exempt under paragraph (1) that is made by a preexisting subscription service in the same transmission medium used by such service on July 31, 1998, or in the case of a transmission not exempt under paragraph (1) that is made by a preexisting satellite digital audio radio service—

"(i) the transmission does not exceed the sound recording performance complement, except that this requirement shall not apply in the case of a retransmission of a broadcast transmission if the retransmission is made by a transmitting entity that does not have the right or ability to control the programming of the broadcast station making the broadcast transmission, unless—

“(aa) more than 3 times in any 2-week period that have been publicly announced in advance, in the case of a program of less than 1 hour in duration, or

“(bb) more than 4 times in any 2-week period that have been publicly announced in advance, in the case of a program of 1 hour or more in duration,

except that the requirement of this subclause shall not apply in the case of a retransmission of a broadcast transmission by a transmitting entity that does not have the right or ability to control the programming of the broadcast transmission, unless the transmitting entity is given notice in writing by the copyright owner of the sound recording that the broadcast station makes broadcast transmissions that regularly violate such requirement;

“(iv) the transmitting entity does not knowingly perform the sound recording, as part of a service that offers transmissions of visual images contemporaneously with transmissions of sound recordings, in a manner that is likely to cause confusion, to cause mistake, or to deceive, as to the affiliation, connection, or association of the copyright owner or featured recording artist with the transmitting entity or a particular product or service advertised by the transmitting entity, or as to the origin, sponsorship, or approval by the copyright owner or featured recording artist of the activities of the transmitting entity other than the performance of the sound recording itself;

“(v) the transmitting entity cooperates to prevent, to the extent feasible without imposing substantial costs or burdens, a transmission recipient or any other person or entity from automatically scanning the transmitting entity's transmissions alone or together with transmissions by other transmitting entities in order to select a particular sound recording to be transmitted to the transmission recipient, except that the requirement of this clause shall not apply to a satellite digital audio service that is in operation, or that is licensed by the Federal Communications Commission, on or before July 31, 1998;

“(vi) the transmitting entity takes no affirmative steps to cause or induce the making of a phonorecord by the transmission recipient, and if the technology used by the transmitting entity enables the transmitting entity to limit the making by the transmission recipient of phonorecords of the transmission directly in a digital format, the

transmitting entity sets such technology to limit such making of phonorecords to the extent permitted by such technology;

“(vii) phonorecords of the sound recording have been distributed to the public under the authority of the copyright owner or the copyright owner authorizes the transmitting entity to transmit the sound recording, and the transmitting entity makes the transmission from a phonorecord lawfully made under the authority of the copyright owner, except that the requirement of this clause shall not apply to a retransmission of a broadcast transmission by a transmitting entity that does not have the right or ability to control the programming of the broadcast transmission, unless the transmitting entity is given notice in writing by the copyright owner of the sound recording that the broadcast station makes broadcast transmissions that regularly violate such requirement;

“(viii) the transmitting entity accommodates and does not interfere with the transmission of technical measures that are widely used by sound recording copyright owners to identify or protect copyrighted works, and that are technically feasible of being transmitted by the transmitting entity without imposing substantial costs on the transmitting entity or resulting in perceptible aural or visual degradation of the digital signal, except that the requirement of this clause shall not apply to a satellite digital audio service that is in operation, or that is licensed under the authority of the Federal Communications Commission, on or before July 31, 1998, to the extent that such service has designed, developed, or made commitments to procure equipment or technology that is not compatible with such technical measures before such technical measures are widely adopted by sound recording copyright owners; and

“(ix) the transmitting entity identifies in textual data the sound recording during, but not before, the time it is performed, including the title of the sound recording, the title of the phonorecord embodying such sound recording, if any, and the featured recording artist, in a manner to permit it to be displayed to the transmission recipient by the device or technology intended for receiving the service provided by the transmitting entity, except that the obligation in this clause shall not take effect until 1 year after the date of the enactment of the Digital Millennium Copyright Act and shall not apply in the case of a retransmission of a broadcast transmission by a transmitting entity that does not have the right or ability to control the programming of the broadcast transmission, or in the case in which devices or technology intended for receiving the service provided by the transmitting entity that have the capability to display such textual data are not common in the marketplace.”.

(2) Subsection (f) is amended—

(A) in the subsection heading by striking “NONEXEMPT SUBSCRIPTION” and inserting “CERTAIN NONEXEMPT”;

(B) in paragraph (1)—

(i) in the first sentence—

(I) by striking “(1) No” and inserting “(1)(A) No”;

(II) by striking “the activities” and inserting “subscription transmissions by preexisting subscription services and transmissions by preexisting satellite digital audio radio services”; and

(III) by striking “2000” and inserting “2001”; and

(ii) by amending the third sentence to read as follows: “Any copyright owners of sound recordings, preexisting subscription services, or preexisting satellite digital audio radio services may submit to the Librarian of Congress licenses covering such subscription transmissions with respect to such sound recordings.”; and

(C) by striking paragraphs (2), (3), (4), and (5) and inserting the following:

“(B) In the absence of license agreements negotiated under subparagraph (A), during the 60-day period commencing 6 months after publication of the notice specified in subparagraph (A), and upon the filing of a petition in accordance with section 803(a)(1), the Librarian of Congress shall, pursuant to chapter 8, convene a copyright arbitration royalty panel to determine and publish in the Federal Register a schedule of rates and terms which, subject to paragraph (3), shall be binding on all copyright owners of sound recordings and entities performing sound recordings affected by this paragraph. In establishing rates and terms for preexisting subscription services and preexisting satellite digital audio radio services, in addition to the objectives set forth in section 801(b)(1), the copyright arbitration royalty panel may consider the rates and terms for comparable types of subscription digital audio transmission services and comparable circumstances under voluntary license agreements negotiated as provided in subparagraph (A).

“(C)(i) Publication of a notice of the initiation of voluntary negotiation proceedings as specified in subparagraph (A) shall be repeated, in accordance with regulations that the Librarian of Congress shall prescribe—

“(I) no later than 30 days after a petition is filed by any copyright owners of sound recordings, any preexisting subscription services, or any preexisting satellite digital audio radio services indicating that a new type of subscription digital audio transmission service on which sound recordings are performed is or is about to become operational; and

“(II) in the first week of January, 2001, and at 5-year intervals thereafter.

“(ii) The procedures specified in subparagraph (B) shall be repeated, in accordance with regulations that the Librarian of Congress shall prescribe, upon filing of a petition in accordance with section 803(a)(1) during a 60-day period commencing—

“(I) 6 months after publication of a notice of the initiation of voluntary negotiation proceedings under subparagraph (A) pursuant to a petition under clause (i)(I) of this subparagraph; or

“(II) on July 1, 2001, and at 5-year intervals thereafter.

“(iii) The procedures specified in subparagraph (B) shall be concluded in accordance with section 802.

“(2)(A) No later than 30 days after the date of the enactment of the Digital Millennium Copyright Act, the Librarian of Congress shall cause notice to be published in the Federal Register of the initiation of voluntary negotiation proceedings for the purpose of determining reasonable terms and rates of royalty payments for public performances of sound recordings by means of eligible non-subscription transmissions and transmissions by new subscription services specified by subsection (d)(2) during the period beginning on the date of the enactment of such Act and ending on December 31, 2000, or such other date as the parties may agree. Such rates and terms shall distinguish among the different types of eligible nonsubscription transmission services and new subscription services then in operation and shall include a minimum fee for each such type of service. Any copyright owners of sound recordings or any entities performing sound recordings affected by this paragraph may submit to the Librarian of Congress licenses covering such eligible nonsubscription transmissions and new subscription services with respect to such sound recordings. The parties to each negotiation proceeding shall bear their own costs.

“(B) In the absence of license agreements negotiated under subparagraph (A), during the 60-day period commencing 6 months after publication of the notice specified in subparagraph (A), and upon the filing of a petition in accordance with section 803(a)(1), the Librarian of Congress shall, pursuant to chapter 8, convene a copyright arbitration royalty panel to determine and publish in the Federal Register a schedule of rates and terms which, subject to paragraph (3), shall be binding on all copyright owners of sound recordings and entities performing sound recordings affected by this paragraph during the period beginning on the date of the enactment of the Digital Millennium Copyright Act and ending on December 31, 2000, or such other date as the parties may agree. Such rates and terms shall distinguish among the different types of eligible non-subscription transmission services then in operation and shall include a minimum fee for each such type of service, such differences to be based on criteria including, but not limited to, the quantity and nature of the use of sound recordings and the degree to which use of the service may substitute for or may promote the purchase of phonorecords by consumers. In establishing rates and terms for transmissions by eligible nonsubscription services and new subscription services, the copyright arbitration royalty panel shall establish rates and terms that most clearly represent the rates and terms that would have been negotiated in the marketplace between a willing buyer and a willing seller. In determining such rates and terms, the copyright arbitration royalty panel shall base its decision on economic, competitive and programming information presented by the parties, including—

“(i) whether use of the service may substitute for or may promote the sales of phonorecords or otherwise may interfere with or may enhance the sound recording copyright owner's other streams of revenue from its sound recordings; and

“(ii) the relative roles of the copyright owner and the transmitting entity in the copyrighted work and the service made available to the public with respect to relative creative contribution, technological contribution, capital investment, cost, and risk.

In establishing such rates and terms, the copyright arbitration royalty panel may consider the rates and terms for comparable types of digital audio transmission services and comparable circumstances under voluntary license agreements negotiated under subparagraph (A).

“(C)(i) Publication of a notice of the initiation of voluntary negotiation proceedings as specified in subparagraph (A) shall be repeated in accordance with regulations that the Librarian of Congress shall prescribe—

“(I) no later than 30 days after a petition is filed by any copyright owners of sound recordings or any eligible nonsubscription service or new subscription service indicating that a new type of eligible non-subscription service or new subscription service on which sound recordings are performed is or is about to become operational; and

“(II) in the first week of January 2000, and at 2-year intervals thereafter, except to the extent that different years for the repeating of such proceedings may be determined in accordance with subparagraph (A).

“(ii) The procedures specified in subparagraph (B) shall be repeated, in accordance with regulations that the Librarian of Congress shall prescribe, upon filing of a petition in accordance with section 803(a)(1) during a 60-day period commencing—

“(I) 6 months after publication of a notice of the initiation of voluntary negotiation

proceedings under subparagraph (A) pursuant to a petition under clause (i)(I); or

“(II) on July 1, 2000, and at 2-year intervals thereafter, except to the extent that different years for the repeating of such proceedings may be determined in accordance with subparagraph (A).

“(iii) The procedures specified in subparagraph (B) shall be concluded in accordance with section 802.

“(3) License agreements voluntarily negotiated at any time between 1 or more copyright owners of sound recordings and 1 or more entities performing sound recordings shall be given effect in lieu of any determination by a copyright arbitration royalty panel or decision by the Librarian of Congress.

“(4)(A) The Librarian of Congress shall also establish requirements by which copyright owners may receive reasonable notice of the use of their sound recordings under this section, and under which records of such use shall be kept and made available by entities performing sound recordings.

“(B) Any person who wishes to perform a sound recording publicly by means of a transmission eligible for statutory licensing under this subsection may do so without infringing the exclusive right of the copyright owner of the sound recording—

“(i) by complying with such notice requirements as the Librarian of Congress shall prescribe by regulation and by paying royalty fees in accordance with this subsection; or

“(ii) if such royalty fees have not been set, by agreeing to pay such royalty fees as shall be determined in accordance with this subsection.

“(C) Any royalty payments in arrears shall be made on or before the twentieth day of the month next succeeding the month in which the royalty fees are set.”

(3) Subsection (g) is amended—

(A) in the subsection heading by striking “SUBSCRIPTION”;

(B) in paragraph (1) in the matter preceding subparagraph (A), by striking “subscription transmission licensed” and inserting “transmission licensed under a statutory license”;

(C) in subparagraphs (A) and (B) by striking “subscription”; and

(D) in paragraph (2) by striking “subscription”.

(4) Subsection (j) is amended—

(A) by striking paragraphs (4) and (9) and redesignating paragraphs (2), (3), (5), (6), (7), and (8) as paragraphs (3), (5), (9), (12), (13), and (14), respectively;

(B) by inserting after paragraph (1) the following:

“(2) An ‘archived program’ is a predetermined program that is available repeatedly on the demand of the transmission recipient and that is performed in the same order from the beginning, except that an archived program shall not include a recorded event or broadcast transmission that makes no more than an incidental use of sound recordings, as long as such recorded event or broadcast transmission does not contain an entire sound recording or feature a particular sound recording.”;

(C) by inserting after paragraph (3), as so redesignated, the following:

“(4) A ‘continuous program’ is a predetermined program that is continuously performed in the same order and that is accessed at a point in the program that is beyond the control of the transmission recipient.”;

(D) by inserting after paragraph (5), as so redesignated, the following:

“(6) An ‘eligible nonsubscription transmission’ is a noninteractive nonsubscription digital audio transmission not exempt under subsection (d)(1) that is made as part of a service that provides audio programming

consisting, in whole or in part, of performances of sound recordings, including retransmissions of broadcast transmissions, if the primary purpose of the service is to provide to the public such audio or other entertainment programming, and the primary purpose of the service is not to sell, advertise, or promote particular products or services other than sound recordings, live concerts, or other music-related events.

“(7) An ‘interactive service’ is one that enables a member of the public to receive a transmission of a program specially created for the recipient, or on request, a transmission of a particular sound recording, whether or not as part of a program, which is selected by or on behalf of the recipient. The ability of individuals to request that particular sound recordings be performed for reception by the public at large, or in the case of a subscription service, by all subscribers of the service, does not make a service interactive, if the programming on each channel of the service does not substantially consist of sound recordings that are performed within 1 hour of the request or at a time designated by either the transmitting entity or the individual making such request. If an entity offers both interactive and noninteractive services (either concurrently or at different times), the noninteractive component shall not be treated as part of an interactive service.

“(8) A ‘new subscription service’ is a service that performs sound recordings by means of noninteractive subscription digital audio transmissions and that is not a preexisting subscription service or a preexisting satellite digital audio radio service.”;

(E) by inserting after paragraph (9), as so redesignated, the following:

“(10) A ‘preexisting satellite digital audio radio service’ is a subscription satellite digital audio radio service provided pursuant to a satellite digital audio radio service license issued by the Federal Communications Commission on or before July 31, 1998, and any renewal of such license to the extent of the scope of the original license, and may include a limited number of sample channels representative of the subscription service that are made available on a nonsubscription basis in order to promote the subscription service.

“(11) A ‘preexisting subscription service’ is a service that performs sound recordings by means of noninteractive audio-only subscription digital audio transmissions, which was in existence and was making such transmissions to the public for a fee on or before July 31, 1998, and may include a limited number of sample channels representative of the subscription service that are made available on a nonsubscription basis in order to promote the subscription service.”; and

(F) by adding at the end the following:

“(15) A ‘transmission’ is either an initial transmission or a retransmission.”.

(5) The amendment made by paragraph (2)(B)(i)(III) of this subsection shall be deemed to have been enacted as part of the Digital Performance Right in Sound Recordings Act of 1995, and the publication of notice of proceedings under section 114(f)(1) of title 17, United States Code, as in effect upon the effective date of that Act, for the determination of royalty payments shall be deemed to have been made for the period beginning on the effective date of that Act and ending on December 1, 2001.

(6) The amendments made by this subsection do not annul, limit, or otherwise impair the rights that are preserved by section 114 of title 17, United States Code, including the rights preserved by subsections (c), (d)(4), and (i) of such section.

(b) EPHEMERAL RECORDINGS.—Section 112 of title 17, United States Code, is amended—

(1) by redesignating subsection (e) as subsection (f); and

(2) by inserting after subsection (d) the following:

“(e) STATUTORY LICENSE.—(1) A transmitting organization entitled to transmit to the public a performance of a sound recording under the limitation on exclusive rights specified by section 114(d)(1)(C)(iv) or under a statutory license in accordance with section 114(f) is entitled to a statutory license, under the conditions specified by this subsection, to make no more than 1 phonorecord of the sound recording (unless the terms and conditions of the statutory license allow for more), if the following conditions are satisfied:

“(A) The phonorecord is retained and used solely by the transmitting organization that made it, and no further phonorecords are reproduced from it.

“(B) The phonorecord is used solely for the transmitting organization’s own transmissions originating in the United States under a statutory license in accordance with section 114(f) or the limitation on exclusive rights specified by section 114(d)(1)(C)(iv).

“(C) Unless preserved exclusively for purposes of archival preservation, the phonorecord is destroyed within 6 months from the date the sound recording was first transmitted to the public using the phonorecord.

“(D) Phonorecords of the sound recording have been distributed to the public under the authority of the copyright owner or the copyright owner authorizes the transmitting entity to transmit the sound recording, and the transmitting entity makes the phonorecord under this subsection from a phonorecord lawfully made and acquired under the authority of the copyright owner.

“(3) Notwithstanding any provision of the antitrust laws, any copyright owners of sound recordings and any transmitting organizations entitled to a statutory license under this subsection may negotiate and agree upon royalty rates and license terms and conditions for making phonorecords of such sound recordings under this section and the proportionate division of fees paid among copyright owners, and may designate common agents to negotiate, agree to, pay, or receive such royalty payments.

“(4) No later than 30 days after the date of the enactment of the Digital Millennium Copyright Act, the Librarian of Congress shall cause notice to be published in the Federal Register of the initiation of voluntary negotiation proceedings for the purpose of determining reasonable terms and rates of royalty payments for the activities specified by paragraph (2) of this subsection during the period beginning on the date of the enactment of such Act and ending on December 31, 2000, or such other date as the parties may agree. Such rates shall include a minimum fee for each type of service offered by transmitting organizations. Any copyright owners of sound recordings or any transmitting organizations entitled to a statutory license under this subsection may submit to the Librarian of Congress licenses covering such activities with respect to such sound recordings. The parties to each negotiation proceeding shall bear their own costs.

“(5) In the absence of license agreements negotiated under paragraph (3), during the 60-day period commencing 6 months after publication of the notice specified in paragraph (4), and upon the filing of a petition in accordance with section 803(a)(1), the Librarian of Congress shall, pursuant to chapter 8, convene a copyright arbitration royalty panel to determine and publish in the Federal Register a schedule of reasonable rates and terms which, subject to paragraph (6), shall be binding on all copyright owners of sound recordings and transmitting organizations entitled to a statutory license under

this subsection during the period beginning on the date of the enactment of the Digital Millennium Copyright Act and ending on December 31, 2000, or such other date as the parties may agree. Such rates shall include a minimum fee for each type of service offered by transmitting organizations. The copyright arbitration royalty panel shall establish rates that most clearly represent the fees that would have been negotiated in the marketplace between a willing buyer and a willing seller. In determining such rates and terms, the copyright arbitration royalty panel shall base its decision on economic, competitive, and programming information presented by the parties, including—

“(A) whether use of the service may substitute for or may promote the sales of phonorecords or otherwise interferes with or enhances the copyright owner’s traditional streams of revenue; and

“(B) the relative roles of the copyright owner and the transmitting organization in the copyrighted work and the service made available to the public with respect to relative creative contribution, technological contribution, capital investment, cost, and risk.

In establishing such rates and terms, the copyright arbitration royalty panel may consider the rates and terms under voluntary license agreements negotiated as provided in paragraphs (3) and (4). The Librarian of Congress shall also establish requirements by which copyright owners may receive reasonable notice of the use of their sound recordings under this section, and under which records of such use shall be kept and made available by transmitting organizations entitled to obtain a statutory license under this subsection.

“(6) License agreements voluntarily negotiated at any time between 1 or more copyright owners of sound recordings and 1 or more transmitting organizations entitled to obtain a statutory license under this subsection shall be given effect in lieu of any determination by a copyright arbitration royalty panel or decision by the Librarian of Congress.

“(7) Publication of a notice of the initiation of voluntary negotiation proceedings as specified in paragraph (4) shall be repeated, in accordance with regulations that the Librarian of Congress shall prescribe, in the first week of January 2000, and at 2-year intervals thereafter, except to the extent that different years for the repeating of such proceedings may be determined in accordance with paragraph (4). The procedures specified in paragraph (5) shall be repeated, in accordance with regulations that the Librarian of Congress shall prescribe, upon filing of a petition in accordance with section 803(a)(1), during a 60-day period commencing on July 1, 2000, and at 2-year intervals thereafter, except to the extent that different years for the repeating of such proceedings may be determined in accordance with paragraph (4). The procedures specified in paragraph (5) shall be concluded in accordance with section 802.

“(8)(A) Any person who wishes to make a phonorecord of a sound recording under a statutory license in accordance with this subsection may do so without infringing the exclusive right of the copyright owner of the sound recording under section 106(1)—

“(i) by complying with such notice requirements as the Librarian of Congress shall prescribe by regulation and by paying royalty fees in accordance with this subsection; or

“(ii) if such royalty fees have not been set, by agreeing to pay such royalty fees as shall be determined in accordance with this subsection.

“(B) Any royalty payments in arrears shall be made on or before the 20th day of the

month next succeeding the month in which the royalty fees are set.

“(9) If a transmitting organization entitled to make a phonorecord under this subsection is prevented from making such phonorecord by reason of the application by the copyright owner of technical measures that prevent the reproduction of the sound recording, the copyright owner shall make available to the transmitting organization the necessary means for permitting the making of such phonorecord as permitted under this subsection, if it is technologically feasible and economically reasonable for the copyright owner to do so. If the copyright owner fails to do so in a timely manner in light of the transmitting organization’s reasonable business requirements, the transmitting organization shall not be liable for a violation of section 1201(a)(1) of this title for engaging in such activities as are necessary to make such phonorecords as permitted under this subsection.

“(10) Nothing in this subsection annuls, limits, impairs, or otherwise affects in any way the existence or value of any of the exclusive rights of the copyright owners in a sound recording, except as otherwise provided in this subsection, or in a musical work, including the exclusive rights to reproduce and distribute a sound recording or musical work, including by means of a digital phonorecord delivery, under section 106(1), 106(3), and 115, and the right to perform publicly a sound recording or musical work, including by means of a digital audio transmission, under sections 106(4) and 106(6).”.

(c) SCOPE OF SECTION 112(a) OF TITLE 17 NOT AFFECTED.—Nothing in this section or the amendments made by this section shall affect the scope of section 112(a) of title 17, United States Code, or the entitlement of any person to an exemption thereunder.

(d) PROCEDURAL AMENDMENTS TO CHAPTER 8.—Section 802 of title 17, United States Code, is amended—

(1) in subsection (f)—

(A) in the first sentence by striking “60” and inserting “90”; and

(B) in the third sentence by striking “that 60-day period” and inserting “an additional 30-day period”; and

(2) in subsection (g) by inserting after the second sentence the following: “When this title provides that the royalty rates or terms that were previously in effect are to expire on a specified date, any adjustment by the Librarian of those rates or terms shall be effective as of the day following the date of expiration of the rates or terms that were previously in effect, even if the Librarian’s decision is rendered on a later date.”.

(e) CONFORMING AMENDMENTS.—(1) Section 801(b)(1) of title 17, United States Code, is amended in the second sentence by striking “sections 114, 115, and 116” and inserting “sections 114(f)(1)(B), 115, and 116”.

(2) Section 802(c) of title 17, United States Code, is amended by striking “section 111, 114, 116, or 119, any person entitled to a compulsory license” and inserting “section 111, 112, 114, 116, or 119, any transmitting organization entitled to a statutory license under section 112(f), any person entitled to a statutory license”.

(3) Section 802(g) of title 17, United States Code, is amended by striking “sections 111, 114” and inserting “sections 111, 112, 114”.

(4) Section 802(h)(2) of title 17, United States Code, is amended by striking “section 111, 114” and inserting “section 111, 112, 114”.

(5) Section 803(a)(1) of title 17, United States Code, is amended by striking “sections 114, 115” and inserting “sections 112, 114, 115”.

(6) Section 803(a)(5) of title 17, United States Code, is amended—

(A) by striking “section 114” and inserting “section 112 or 114”; and
